Sanitiser and Disinfectant 2 in 1 is specially formulated for effective disinfecting and sanitising qualities and contains no colour to ensure it is safe to use in food preparation areas.

Sanitiser and Disinfectant 2 in 1 is a blend of quaternary ammonium compounds and alcohols to provide commercial grade efficacy economically.

Sanitiser and Disinfectant 2 in 1 can be used neat on a wide range of surfaces such as tiles, paint, stainless steel, and ceramic.

Use Sanitiser and Disinfectant 2 in 1 for all general sanitising and disinfecting purposes in offices, hotels, clubs, commercial buildings, factories.

Sanitiser and Disinfectant 2 in 1 contains 0.45% w/w Quaternary Ammonium Compounds.

DIRECTIONS FOR USE

For Heavy Sanitising & Disinfecting

Sanitiser and Disinfectant 2 in 1 should be used in its concentrate form.

For General Sanitising & Disinfecting

1 part **Sanitiser and Disinfectant 2 in 1** to 20 parts water. When diluted 1 part in 20 parts water, it can be used as no rinse sanitiser.

For Light Floor Mopping

1 Part **Sanitiser and Disinfectant 2 in 1** to 40 parts water.

Notes

- Contact time required for sanitising: this may vary on the amount of sanitiser sprayed but usually it is between 5-10 minutes
- Shelf life of diluted sanitiser: obviously the fresher the better, recommendation is to make fresh sanitiser weekly (worst case)

Bars

**Washrooms, Showers,
Sinks, Change Rooms,
Toilets, Urinals**

**Garbage
Disposal, Drains**
