- ✓ **Phosphate Free**
- ✓ **Biodegradable**
- ✓ **Kills 99.9% of Germs***
- ✓ **Suitable for use in Kitchen & Food Preparation Areas**

Lemon Disinfectant is a Hospital Grade Disinfectant specially formulated for effective disinfecting and cleaning.

Lemon Disinfectant is a blend of quaternary ammonium compounds and fast-acting surfactants to provide commercial grade efficacy, economically and can be used with warm or cold water on a wide range of surfaces such as tiles, paint, stainless steel and ceramic.

Lemon Disinfectant can also be used for all general disinfecting of bathrooms, showers, sinks, toilets, change rooms, urinals and drains.

Lemon Disinfectant contains 1.5% w/w Quaternary Ammonium Compounds.

DIRECTIONS FOR USE

For hospital grade disinfection:-

Use undiluted: on drains and to wipe kitchen tidies, rubbish bins, kennels, toilets, bathrooms, showers and wet areas. To wipe sinks and toilet bowls. Leave 10 minutes and wipe off. Not intended to be used on therapeutic devices.

For household grade disinfection:-

Dilute 1 part disinfectant (½ cup) to 20 parts water (2 litres) to: Mop floors and wipe benchtops, walls and toilet seats. No rinsing needed. Wipe toys and non-porous cutting boards. Soak dishcloths. Leave for 10 minutes and rinse with water

Discard diluted solutions after use. Do not mix with other detergents or other chemicals. Safe to use with septic tank and grey water systems.

* E. coli and S. aureus when used undiluted

**Washrooms, Showers,
Sinks, Change Rooms,
Toilets, Urinals**
